The News.

The Virginia State Democratic Convention finally nominated JOHN FLETCHER, the Hunter candidate for Governor, on Saturday, after an intensely exciting session.

The telegraph gives a graphic account of a New York political meeting, and its result.

DOUGLAS was received with distinguished honors at New Orleans, whither he had gone to replace himself in the confidence of the fire-eaters. He made a speech which created a great deal of enthusiasm, and the *True Delta*, the filibuster organ, nominates him for the Presidency. This is a sufficient indication of what the burthen of the Senator's speech was, and certainly is conclusive evidence that the Little Giant is *all right* on the nigger question, to say nothing of fillibusterism.

Resolutions are under consideration in the Legislature of South Carolina, instructing the Representatives in Congress, from that State, to use all their influence in favor of the repeal of all measures restrictive of the Slave Trade.

The New York breadstuffs market was steady on Saturday, and prices were unchanged. In our own market, with light receipts, there was a fair demand for wheat. There was a slight decline, however, in the pork market.

A rapid thaw on Saturday, closing with a heavy rain, completely used up our sleighing in this vicinity, and produces in its stead a superabundance of mud.

Another Removal

The political circles in our city were unusually excited, on Saturday afternoon, by the intelligence that MORITZ SCHOEFFLER, Editor of the *Banner*, had been removed from the office of U. S. Collector for this port and that G. W. CLASON, formerly of the *News*, had been appointed in his stead. We cannot imagine any good reason for this change. Mr. SCHOEFFLER is the editor of the leading German paper in our State, and has always been a consistent, influential and *working* democrat. We know him to be an honest man and have heard no complaints against him as an officer. Mr. CLASON, who gets his place, is comparatively a new comer here, without any other claim to the office, that we know of, except that he hails from Pennsylvania!

TWENTY-SEVENTH SENATE DISTRICT.—The Wautoma *Journal* publishes the following, as the official canvass for the twenty-seventh Senate District:

Counties.	Luther Hanchett.	Edward G. Saxe.	John A. Ferrell.	John A. Terrell.
Marathon,	248	177		286
Portage,	666		386	
Waupacca,	1075		322	
Waushara,	1207		211	
Wood,	346	192	21	20
Total,	3542	369	940	306

Total vote polled 5,162. Hanchett's majority over all 1,922.

Mr. HANCHETT, the Republican Senator, has a way of running ahead of his ticket, and of everything else, that can't be beat.

THE THREATS OF SOUTHERN FIRE-EATERS.—The Boston *Atlas*, referring to the speech of Senator DAVIS and kindred Southern fanatics, says:

"We ask that the men of the North should keep in mind these threats of Southern men, not indeed to be frightened with them, but to test their sincerity. Let us know, and we might as well know it first as last, whether we live under a government of laws and constitution, or one of slave-breeding and slave-holding sufferance. According to the Constitution and laws of this land, a President and Vice President must be chosen every four years. Certain qualifications are demanded of the candidates, one of which is that they shall be American born citizens. Certain qualifications are also required of the voters. The entire mode of election is prescribed by the laws of the land. Suppose, then, that the American Republican candidates for President and Vice President receive in the year 1860 a majority of the electoral votes cast, fairly, legally and constitutionally, every Union man would say that these must be the President and Vice President for four years, and every Union man and law-abiding citizen would acquiesce, in the judgment of the people. But Mr. Jeff. Davis, in his 'patriotic union speech,' says no. "We care not whether by the House or by the people, such an election is made, THE GOVERNMENT IS AT AN END, AND WE MUST PROVIDE FOR OUR SAFETY OUTSIDE OF THE UNION."

THE WISCONSIN LEGISLATURE.—In the lower house of the next Legislature of Wisconsin the black Republicans will probably have but five majority, which certainly is small, considering the *overpowering* numbers they had in the last House.—*Detroit Free Press.*

You are badly posted, about Wisconsin politics, Mr. *Free Press*. Our "overpowering numbers" in the "last House" consisted of just *five* majority. In the next, we shall have *eleven* majority. Will you please "make a note of it?"

GOVERNOR OF VIRGINIA.—The Virginia State Democratic Convention, after a very turbulent session, nominated JOHN LETCHER, as their candidate for Governor. Mr. LETCHER is a man of decided ability, of large experience in public life, and of unimpeachable integrity. His success is supposed to indicate the predominance of the BUCHANAN interest in the Old Dominion.

NORTH CAROLINA SENATOR.—The Legislature of North Carolina has elected Governor BRAGG, for the short term, and THOMAS L. CLINGMAN, for the long term. They are both Democrats, so-called.

DEATH FROM FRIGHT.—Mrs. MARY EDWARDS, wife of ALPHEUS S. EDWARDS, of the First Comptroller's office, Washington, died rather suddenly on Saturday week. Mr. EDWARDS was walking in the garden accompanied by his wife, when, as they approached the rear fence, dividing his premises from those of a neighbor, a large and ferocious dog made a spring against the fence, in the attempt to seize Mrs. EDWARDS. So sudden was the intended attack, and so near were the parties, that Mrs. EDWARDS' nervous system was completely prostrated by the shock, and she was carried into the house. On Saturday she was visited by the family physician, who pronounced her doing well, but in an hour afterward, she died.

THE FRENCH AMBASSADOR.—Upon the reappearance of General Pelissier at London with his bride, the London *Times* maliciously republished the account of that officer's roasting certain Arabs alive. Whereupon the Liverpool *Journal* asks what was the motive of the London *Times* in re-producing, lately, a full, true and particular account of one of Colonel Pelissier's proceedings, in burning some Arabs in a cave at Kabylia some years ago? It thinks "it was an odd courtesy, from the first of English journals to an ambassador to England; but we may be sure not one lady's drawing-room has been closed on the Marshal in particular horror. He is such a dear, droll creature; and his Spanish bride is so new that she will have a great run when the season opens."

MELANCHOLY.—We understand that a little girl, aged four years, the daughter of D. L. Morrison, Esq., of Fort Atkinson, was some time last Friday so badly burned by her clothes taking fire, while standing near the stove, as to cause her death the following Monday. This is a sad bereavement to the parents, and deep sympathy is evinced by all acquainted with Mr. Morrison's family.—*Jeffersonian.*

A Doubtful Story.

The Montreal Daily *Transcript* of Tuesday last, publishes the following painful rumor. The latest accounts of the "battle" spoken of, between the Crows and Sioux, induces us to discredit the whole story:

It is our painful duty to announce upon authority which too surely establishes the truth of the tale, the melancholy fate of the three young English noblemen so lately in our city, and who made so many friends and acquaintances while here. Lord Grosvenor is a son of the Marquis of Westminster; Lord Cavendish, of the Duke of Devonshire; and the Hon. Mr. Ashley, of the Earl of Shaftsbury. They came to this country with the twofold object of acquiring information and obtaining sport. With this view, they accompanied the Right Hon. Mr. Ellice as far as St. Paul, Minnesota, and there left him, to proceed to the prairies of the far west on a hunting excursion.

It appears that they there joined a portion of the Sioux tribe of Indians, and that while on the tramp they were met by a hostile party of the Crow tribe, who set upon them, overpowered them, and eventually murdered the whole.—This melancholy termination of a tour of pleasure is something frightful, and will cause the deepest sorrow in the families of three of the oldest and proudest of England's nobility. The young men were all in the prime of life, and must have sold their lives dearly. It was, we believe, in the United States territories that the rencontre took place. What may be the result of it, time will show. But surely these savages—cruel, false, thievish, murderous—ought to be put down with a high hand. Lord Bury, who is at present at Montreal, and from whom the news was received, has undertaken the task of communicating the sad tidings to the parents of the unhappy noblemen.

From the New York Herald.

The Missing Steamship Indian Empire—Her Non-Arrival at Galway—Her History—Her Passengers, Crew and Cargo.

The steamship Indian Empire, of the Galway and New York line, which left this port on the 23d, and Halifax on the 29th of last month, had not been heard from up to the time the Europa sailed from Liverpool, on the 20th ultimo, when she was 21 days out from Halifax. This has caused some alarm in the minds of those who have friends on board, and others immediately interested in her safety, besides a general anxiety concerning her.

The Indian Empire sailed from New York with 81 passengers, 14 of whom were in the first cabin, and a crew of 86 men, besides the captain and nine officers. She had also on board about 200 tons of cargo, consisting of cotton, tobacco and staves.

The total number of souls on board when the vessel left this port was 177, but besides these she must have taken some passengers from Halifax, as steamships calling there generally do, so that the number on board when she left that port may have been about 200 souls.

The Indian Empire left her pier in the North river about three o'clock on the afternoon of the 23d of October, and in steaming down the bay came in collision with a brig, damaging her cutwater and bowsprit slightly, and causing her detention at Quarantine till midnight, when she resumed her voyage to Halifax. Before she reached that port, she encountered the full fury of the late great hurricane, which blew directly from the course she had to steer. The despatch from Halifax announcing her arrival there said: "She encountered terrific weather on the voyage from New York." The storm prolonged her passage to Halifax, so that she only arrived there on the 27th October, at 7 o'clock in the morning. It also injured her rigging somewhat, and obliged her to consume an extra quantity of coal.—Owing to these two latter circumstances she was under the necessity of remaining in Halifax two full days before she was again ready for sea.—She left Halifax about six o'clock on the evening of the 28th, and this is the last yet known concerning her.

The Indian Empire was a remarkably staunch and massive built steamship of 1,857 tons register, and she ranked A 1½ at Lloyds. She was built of oak and strengthened by iron and copper fastenings. She was also copper bottomed, and a very dry vessel. She was a side wheel vessel, having two cylinders, each of them seventy-two inches in diameter. She was rigged as a three masted brigantine, but did not carry many spars. Besides all this, her commander was a man of great experience, and her officers were well acquainted with their duty.—Before she left Galway on her last voyage from that port, she had undergone thorough repairs at great expense. She was lengthened and thoroughly over hauled, and when she left that port she was believed to be as safe and strong a vessel as any afloat.

She may have been delayed by an accident to her machinery, which would have deprived her of its further use on the voyage. If this has been the case she may have put into Fayal, or continued her course under sail alone to Galway. In either case it would be some time before we could hear anything as to her whereabouts. As her masts were small in proportion to her size, she could not carry a large amount of canvas, she would therefore take a much longer time to arrive at any port than a sailing vessel. If she put into Fayal, the first news we should have of the fact would probably be conveyed by herself to Galway, before it could be known here.

The Latest from Washington.

Chairman of the Committee on Ways and Means—Cabinet Rumors—the Tariff—Treasury Estimates—France and England against Fillibusterism.

Special Dispatch to the Cincinnati Gazette.

WASHINGTON, Dec. 2.

Speaker Orr has designated Hon. John S. Phelps as Chairman of the Committee of Ways and Means, in place of Jones, resigned. The Hon. H. M. Phillips, of Pennsylvania, will fill the vacancy in the Committee, occasioned by the promotion of Phelps to the Chairmanship.

The revived rumors of Secretary Cobb's resignation, are mere fabrications.

The President will recommend a Revenue Tariff, on the basis of ad valorem, suggesting that a departure from it may be necessary in special cases. The Democrats will not permit any change during the approaching session of Congress.

Estimates for next year's expenditures will not vary $1,000,000 from those of last year. So says Secretary Cobb, who holds back the remaining $10,000,000 of the last loan, as a reserve for expected demands upon the Treasury, but may advertise for proposals before January. He holds $1,000,000 of Treasury notes to re-issue.—The remainder has been absorbed for investments.

The Treasury and Navy Reports, with revisions, were completed to-day.

France and England have united upon a policy to be carried out at San Juan, for the expulsion of fillibusters who may land. This intelligence, which is significant, was not expected.

VERITAS.

MATRICULATION OF A COUNTRYMAN IN TAMMANY POLITICS.—Francisco Udolpho Fenno was formerly a resident of Otsego County—a county renowned for hop-raising. The residents of Otsego, besides sending a large quantity of hops to market, sent Mr. Francis Udolpho Fenno to the State Legislature. Mr. Fenno became ambitious, moved to New York and essayed to figure on the broader field of Tammany politics. He settled in the Third Ward, was elected a member of the Convention to nominate school officers, and met with the other delegates at "The Ark," in Greenwich-street, to transact the important business delegated them. A dispute arose, Mr. Fenno—so he alleges in an affidavit—was savagely beaten by his colleagues, his nose was broken, his eyes were blackened, and fourteen dollar bills were stolen from his pocket. Mr. Fenno was indignant, and instituted legal proceedings against his political assailants. The accused—Messrs. Hoffmire, Matthews and Coles, well-known politicians in the Third Ward—were yesterday arraigned at the Court of Special Sessions. They pleaded guilty. Mr. Spencer their counsel, urged in their behalf the immemorial usage of Tammany Hall, which allowed, and even required, that the dull routine of political conventions should be relieved by the excitement of a free fight. He insisted that Mr. Francisco Udolpho Fenno had only been subjected to the usual initiatory process of matriculation into Tammany politics. The robbery was indignantly denied, but the other allegations of the complaint were admitted, and time was asked to put in affidavits in mitigation of the offence. The magistrate granted until Saturday for that purpose.—*N. Y. Times.*

TOBACCO AND RUM IN THE NEXT WORLD—HOW THE SPIRITS GET THEIR LIQUOR.—In a lecture at Dodworth's Hall, on Sunday evening, Judge Edmonds said of spirits in the next world:

"I once had a spirit come to me who had been addicted to the use of tobacco, and the first want he experienced on entering into a spiritual existence was a desire for that. I had an interview with a spirit who was a drunkard while living here, and he asked me for drink. I asked, "What good would ardent spirits do you now?" and he said, "I can drink it through you.—*N. FOR GRAND HAVEN.—The steamer *Gazelle* leaves Johnson & Olmsted's dock every evening, (Sundays excepted,) at 8 o'clock, for Grand Haven, connecting with the Detroit & Milwaukee Railway for the East.

Propellers.

FOR BUFFALO.—A line of propellers run to and from Buffalo, one of which leaves this city daily.

FOR OGDENSBURGH.—A tri-weekly line of propellers also run to Ogdensburgh.

GRIFFIN & BRADLEY, at the foot of East Water street, are the Ticket Agents for both of these propeller lines.

FOR COLLINGWOOD.—A tri-weekly line of propellers run to Collingwood, stopping at intermediate ports, and leaving this city on Sunday, Wednesday and Friday of each week. L. D. JEROME, Agent.

THE HISTORY OF ALL NATIONS.—This is undoubtedly one of the best historical works of the age, and one of the most useful of all the useful books written by S. G. GOODRICH. It is, as a cotemporary very truly says, a "library in itself," and a perfect encyclopedia of information. It is a book that comes tolerably high, it is true, but it must be borne in mind that its author is S. G. GOODRICH, than whom there is not now living a man so well calculated to get up a work of this character. He is the author of a host of historical and geographical works, and his name will be remembered and he will be spoken of with praise and gratitude, by generations in the far distant future.

The index is so complete and well arranged that a child would be able to refer to any portion of it with the greatest ease. In this respect, it is so perfectly systematized and arranged, as to be of more practical worth, than all the other books of this nature combined that have been written in half a century. It is evidently intended for the student and enquirer after knowledge. Another important consideration is the fact that an accurate map of all the prominent nations it treats of accompanies it. The cost of the work is $9 and $11, according to the style of binding. Mr. BATCH is now canvassing for this work here, and he will, in the course of a few days, call upon most of our citizens. Let everybody who wants a good, reliable historical work subscribe for it.

MARINE ARRIVALS.—It will be seen by our marine list, that the bark *Badger State*, Capt. CROSS, has arrived safe. She goes into winter quarters here. The schooner *G. W. Scott* also arrived on Saturday, from Cleveland, with upwards of 9,000 bushels of barley on board, and a quantity of iron. Also the Canadian bark *Water Witch*, and the schooners *Theresa* and *Rose Dousman*.

The *Hans Crocker* and *Invincible* are still out, on their way to this port from Buffalo, and the latter, it is feared, has been wrecked, though some of our shipping men do not credit the report respecting her, which we copied from the Detroit papers on Saturday.

INFORMATION OF MR. JOHN JAMES.—In answer to a paragraph in the *Sentinel* of last week, asking information of Mr. JOHN JAMES, an Englishman, in rather delicate health, who has not been heard of since May last, when he was in this city, we have received a letter from Ripon, signed R. TUBBS, which states that "Mr. JOHN JAMES boarded with him to the amount of $48, and left his house in October, for parts unknown." Mr. TUBBS wants to know where his friends live that he may write to them. If it is the same JOHN JAMES that we inquired about, which does not seem likely, his friends live in Exeter, England.

THE ATHENEUM.—There was a full house at the Atheneum on Saturday night, and the admirable drama of "Love's Sacrifice" was very well performed.

For to-night the capital play, "Still Waters Run Deep" is on the programme, Miss IRVING as Mrs. Hector Sternhaldt, Mr. RILEY as Capt. Hawksley, and Mr. JOHNSON as John Mildmay. To conclude with the comedy of the "Alarming Sacrifice." A capital bill, and one that will undoubtedly draw a crowd.

PROFESSOR LOVE AT ALBANY HALL.—Professor LOVE, the magician, has concluded to give one or two more of his amusing entertainments at Albany Hall. We understand that he had quite a large house on Saturday night, notwithstanding the great attraction at the Atheneum, and those who were present express themselves highly gratified at the performances. The programme for this evening embraces several new experiments of a decidedly droll character.

THE ATLAS.—Our Merchants and Business men will find the *Atlas*, Daily and Weekly, a good advertising medium. The office is at 210 East Water street, adjoining Starr's Printing Rooms. Republicans, both in city and country, should give all the help they can in swelling the circulation of the *Atlas*.

MASONIC FESTIVAL.—The Knight Templars, members of "Wisconsin Commander No. 1," paraded in full regalia, Saturday afternoon, accompanied by the American Cornet Band. The Knights made a handsome show and enjoyed a capital dinner together at the Newhall House.

VOTE OF THANKS.—At a meeting of Milwaukee Engine Co. No. 1, held at their House Friday evening, Dec. 3d, the following resolutions were unanimously adopted:

Resolved, That the thanks of Milwaukee Engine Company No 1 are justly due and are hereby heartily tendered to our worthy Foreman, PETER VAN VECHTEN, Jr., for his persevering, energetic and finally successful efforts to procure for No. 1 a suitable Engine House and accommodations; and that we recognize in this only another and signal instance of his zealous and untiring services.

Resolved, That we make our grateful acknowledgements to our city authorities for the neat, substantial and convenient Engine House they have provided for us; and that we pledge to them and to our fellow-citizens generally, our best exertions, in the future, as in the past, to justify their liberality, deserve their good opinions and maintain the reputation of Number One.

Washington Matters.

NEW YORK, Dec. 4.

The Herald's correspondent says that letters to the Navy Department from the Commander of the frigate Wabash at Beyrout, state that no efforts had been made by the authorities there to bring to trial the authors of the outrage upon the American family at Jaffa. The Commander had informed the Pasha, that he should insist upon their immediate trial, notwithstanding the wish had been expressed to postpone it until all the miscreants had been captured. The Pasha evinced a disposition to do justice.

The Times correspondent says:—The report of a difficulty having occurred between Beale's exploring party and the Indians, has proved to have been false. Mr. Edwards, Lieut. Beale's brother-in-law, now here, left the party Nov. 16th, 250 miles west of Fort Smith, up to which point they had prosecuted their duties without interruption.

Chief Justice Eckles, of Utah, is in Washington for the purpose of conferring with the Administration relative to the affairs of that territory. It is understood that he will earnestly protest against the proposed opening of the public lands there for sale, excepting under such restrictions as shall prevent their monopoly by the Mormon Church.

The U. S. treasury statement for the week ending Monday last, shows the receipts to be $507,000; drafts paid $852,000; and drafts issued nearly the same amount, leaving a balance in the treasury of nearly $6,000,000, a reduction of $266,000 from last week.

Evening session.—Mr. Pryor concluded amid tremendous applause. He was followed by Mr. Treadway for Letcher, and O. Jennings Wise also for Letcher. The latter was speaking at 1 o'clock. The ballotings will commence as soon as Mr. Wise concludes.

Dec. 4th.—The Convention got through with the first ballot at 4 o'clock this morning. The interest manifested was intense.

The candidates presented were Messrs. Letcher, Hopkins, Edmunson, Smith and others. Mr. Letcher was nominated by 125 votes above all others.

The Convention adjourned this morning. Mr. Letcher's friends are in ecstacies.

New York Matters.

NEW YORK, Dec. 4.

There was a large and turbulent meeting at Hildebrand Hall, Hester street, last night, called to ratify the anti-Tammany Hall nominations for Comptroller, Governor of the Alms House, &c., at which Fernando Wood and Mike Walsh were to have been the prominent speakers. Dr. Chadsey was appointed Chairman; but the organization proceeded no farther. A party of Purser men under the command of Pat Matthews, took possession of the platform, ejected Mr. T. K. McMahon from the table, on which he endeavored to speak, sent the table after him, and Dr. Chadsey and friends after both. They then organized the meeting, by appointing a Mr. Quinn Chairman, and Andy Sheehen Secretary, pronounced it a Purser and Lynch meeting, and adjourned.

The Steamship City of Baltimore sailed from here at noon, with 64 cabin and 256 steerage passengers, for Liverpool. She takes out $115,000 in specie.

The steamship Prince Albert sailed to-day for Galway with 137 passengers.

Reception of Douglas at New Orleans.

NEW ORLEANS, Dec. 4.

Douglas arrived here at 8 o'clock last evening. One hundred guns were fired, and the hospitalities of the city tendered him. He was then escorted by the Mayor and Aldermen to the St. Charles, where he was called out, and made a brief speech. Great enthusiasm prevails. He was welcomed by all parties, and the True Delta nominates him for the Presidency.

South Carolina Legislature.

COLUMBIA, S.C., Dec. 4.

Mr. W. D. Porter, of Charleston, was to-day elected President of the Senate in place of Mr. Chestnut, resigned.

Resolutions were introduced into the House yesterday, instructing the representatives from South Carolina in Congress to use all efforts to secure the repeal of all measures restrictive of the slave trade, the same being in derogation of the rights of the South. They were ordered for consideration to-day.

BOSTON, Dec. 4.

The trial of the three men who are charged with having set fire to the ship Cortes, at sea, was concluded this evening, the jury failing to agree on a verdict.

MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
EVER
Worn by Kings or Emperors.
WHAT? WHY A BEAUTIFUL HEAD OF HAIR.

Because it is the ornament *God Himself* provided for all our race. Reader, although the rose may bloom ever so brightly on the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh* and *dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD:— NEW YORK, April 19th, 1858.

Dear Sir: Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Hair Restorative as a very wonderful invention—quite efficacious as well as agreeable. I am, dear sir, yours truly,
S. THALBERG.

"Drych a'r Gwyliedydd,"
WELSH NEWSPAPER OFFICE,
118 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir:* Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair back to brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.
CHARLES CARDEW.

New York, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being a most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. J. D. HOES.

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40, or cent more in proportion, and retails for $3.

O. J. WOOD & CO., Proprietors, 312 Broadway, N. Y., in the great N. Y. Wire Railing Establishment, and 114 Market St., St. Louis, Mo.

City Auction Room.

NO. 146 EAST WATER ST. Largest and most Extensive Auction Room in the West—floors one hundred and ten feet long—fire proof. Directly opposite the extensive wholesale store of Atkins & Steele; boot and shoe establishment, and Sexton & Bro., the mammoth wholesale dry goods house.

I am at a loss how to get up a new advertisement—advertisements amount to nothing if people do not read them. I owe all my success to advertising. I might just as leave try to live without eating, as to do without advertising my business, and the city papers are all very accommodating, and their mode of placing new advertisements is far ahead of any other newspapers in any other city. Well, I will commence a new set of advertisements of Auction Sales of Furs, Dry Goods, Yankee Notions, and a terrible lot of Toys, all which take place at the Great Auction Room, No. 146 East Water Street, by telling what I would call a great fish story. The bear and the fox, why the bear has a stump tail. A bear once met a fox sneaking along with a bundle of fish he had stolen—"Where did you get that from?" asked the bear "I have been out angling, Mr. Bruin," answered the fox. The bear then had a great wish to learn to angle, and asked the fox to tell him how he should manage. "It is a very simple art for you," replied the fox, "and is soon learned; you need only go out on the ice and make a hole, and then put your tail down in it, and then hold it for a long time. You must not mind if it smarts a little, for that will be a sign that the fish bite. The longer you can hold it under the ice, the more fish you will catch: and then you must give it a sudden jerk up." The bear did as the fox had instructed him, and held his tail a long while down in the hole he had made in the ice until it was completely frozen fast—he then gave a sudden jerk and jerked his tail just off. So from that day to this, he goes with a stump tail.

MONDAY MORNING, DECEMBER 6.

The News' Prevarications.

Not getting along as well as it could wish with its general and special pleading in favor of the Debt Assumption project, the *News* lays the blame of its failure at the door of the *Sentinel*.—It is because we "misrepresent" its propositions that they hang fire, or miss their mark. Thus the *News* having intimated that the People of this City would not pay the interest on the bonds issued in aid of the different Railroads, because these roads are built "for the benefit of Chicago," we expressed a reasonable doubt whether, if these roads were *managed* "for the benefit of Chicago," the State would feel under any special obligation to assume their debts. This, exclaims the *News*, is a misrepresentation, and it thus endeavors to draw a distinction between the City and State, on this point:

> Whether or not the interests of *our city* and "*our State*," are affected alike by this management, which favors Chicago, at the expense of Milwaukee, is a question upon which the people of this city and the people of the State, differ widely in their views, at this time. The people of the State very generally approve of such management, while the people of this city, quite as unanimously, disapprove of it.

We think the *News* wholly in error as to the fact and, therefore, wrong of course in its conclusions. We believe that the great majority of the people of the State, as of the City, entirely *disapprove* of the peculiar Rail Road management, "which favors Chicago, at the expense of Milwaukee," and that nothing has done so much to prejudice the Assumption Scheme in the estimation of the public as the circumstance that it originated with the very Rail Roads whose management has been the occasion of such universal complaint.

Again, the *Sentinel* spoke of the State "assuming their (the Rail Road) debts." To this the *News* again angrily cries out "misrepresentation," and adds:

> Nobody has urged, or favored, the assumption of railroad debts; and yet, the *Sentinel* charges that such is the proposition now before the people.

The *Sentinel* so "charges," for the good and sufficient reason that it so understood the proposition. To be sure, there is a good deal of cautious circumlocution in the different plans put forth, but they are all labelled, and properly so, "*Assumption*," and all contemplate making the State the pack-horse. In a word, it is the *News*, not the *Sentinel*, which "misrepresents," "quibbles" and "prevaricates," on this question, and obviously because plain facts, fair argument and straight-forward talking would be fatal to the Debt Assumption Scheme. The *News*, in conclusion, politely hints that the "editor of the *Sentinel*" has studied that "style of argumentation" for twenty-one years, with "one of the old masters of the art—THURLOW WEED." "Our neighbor, we judge, took his lessons from a much older master, "the Father of Lies," and did not study in vain.

WHO IS HE?—A Washington correspondent of the Philadelphia *Press*, under the date of the 19th ult., writes:

> A Wisconsin Democrat, now here, told me yesterday, "if that idea (intervention for the protection of slavery in the territories) is insisted upon you will be compelled to send out a new Christopher Columbus to discover the democratic party.

We find the above in the *News* of Saturday.—The "Wisconsin Democrat" referred to, is supposed to be Ex-Governor BARSTOW, who was at Washington lately, modestly urging his claims, as one of the legion of Democratic "victims," to some snug Federal office. Not prospering in this enterprise, it is said the Ex-Governor comes back to Wisconsin, with very favorable impressions of Senator DOUGLAS and an intense disgust towards Mr. BUCHANAN. The rumor goes, too, that an active opposition to the National Administration is to be organized forthwith, starting with the Democratic members of the Legislature who are to denounce BUCHANAN and cry up DOUGLAS. In short, "The Forty" in this State have decided to enlist under the banner of DOUGLAS and to make as vigorous a fight against the "DUNN faction," as they formerly did upon Gov. DODGE and his friends.

The Democratic Programme.

The *Day Book*, an administration paper of New York city, lays down the programme of the future duties of the democratic party. We have no doubt the party will take the position indicated by the *Day Book*, and moreover that it will meet its final end in endeavoring to sustain it. That paper says:

> "Meanwhile, the decision of the Supreme Court has torn aside the veil, and placed 'Slavery' and Anti-'Slavery,' truth and falsehood, in that open, direct, and irreconcilable conflict, which the repeal of the Missouri restriction rendered inevitable. Kansas may be substantially disposed of, but the same problem is to be solved in the Indian Territory, New Mexico, Arizonia, indeed, on a broad belt of territory extending to the shores of the Pacific Ocean. Southern citizens must have the same protection for their 'slave' property in the common territory, and the simple question for every democrat to ask himself is, whether the Northern people shall be enlightened on the subject, and be made to understand that 'slavery' goes and only goes where it naturally belongs, or whether they will continue to blind and delude themselves with the *worn-out humbug of Territorial Sovereignty*, and bring upon their party overwhelming and disgraceful defeat in 1860? Nebraskaism is dead; Squatter Sovereignty is worse than dead—it stands exposed, a disgraceful imposture; let, then, the dead bury the dead; let all honest and patriotic democrats rally on the platform of the Dred Scott decision, under the standard of the President, who has accepted that decision, and with open and manly front, prepare to meet the great question before the country on its merits."

"ASSUMPTION" IN THE RURAL DISTRICTS.—The Horicon *Argus* does not seem favorably impressed with the Debt Assumption Scheme. It says:

> The *principle* is entirely wrong. It is not justice that our neighbor should pay our debts, and though a majority, being in debt, may make such a law, it will never be a just one. The thing starts bad. It limps from the word go.—The men at the head of the "scheme" are men who us "yeomanry" care not to follow through evil as well as good report. If others than *railroad men* had proposed the thing, people would have had less cause of distrust. We have had enough railroad influence.

BRITISH VIEW OF AN AMERICAN MAGAZINE.—The London Critic has a genial and very complimentary notice of the Atlantic Monthly, in the course of which it says:

> To speak the truth, our Transatlantic cousins are running us hard in the matter of magazines, and bid fair soon to beat us in them as completely as they have done in chess-playing, yachting, and trotting horses. Difficult would it be for us, even now, to prove that we have a better magazine than The Atlantic Monthly; nor is it so much to be wondered at when we know that some of the best men in America—Longfellow, Emerson, Holmes, Prescott, Read and Lowell—are engaged in filling its pages.

CONFLAGRATION IN REEDSBURG.—A destructive fire occurred in Reedsburg on Sunday morning last about 2 o'clock, entirely consuming the dry goods and grocery store of L. B. Swallow. Not a thing was saved. The total loss is estimated at $2,400, of which $2,100 was insured in the Phœnix, at a time when his stock was somewhat larger than at the time of the fire.—The fire, which it is conjectured, was caused from the chimney, was not discovered until the building was wrapped in flames, but fortunately, it did not extend to any other building.—*Baraboo Republic, Dec. 2.*

For the Sentinel.

"Milwaukee" and Assumption.

EDITOR SENTINEL:—I had first supposed that the *News*' correspondent, "Milwaukee," was selected and put forward as the champion of the Rail Road men; and I so concluded from his comprehensive name, as also from his *bold* and authoritative style and manner; but from the inconsistencies, demagoguism and general jumble of his last communication, I am constrained to change my opinion, and believe they would not have selected so imprudent an advocate.

"Milwaukee" after calling for light, in the first paragraph of his communication of the 1st instant, to show any other possible result than "assumption or repudiation," a little further on, in the same paragraph, inquires if there be any other alternative left the debtors he speaks of than payment, or sale of their property. Thus he himself points out a remedy for the *honest* bond holder *other* than "repudiation or assumption." The dilemma in which the internal improvement speculators find themselves proves to Wisconsin the value and importance of the constitutional proviso which prevented her, as a sovereign State, from embarking in such speculations. And, had she been engaged in them, the same wholesale corruption that has made citizen princes of the Rail Road Attorneys, Superintendents, Directors and managers generally, and, as a consequence, reduced the several companies to comparative bankruptcy, would, beyond all question, have entailed upon her, the said sovereign State of Wisconsin, that repudiation which now cannot follow. But I must not lose sight of "Milwaukee."

The appeal also to the passions of the people, who have formed "entangling alliances" with the Rail Road companies, by no means harmonizes with the smooth, oily, insinuating tact of the Rail Road princes, and is another dodge of an inexperienced, impudent outsider. And the disgusting immorality—aside from the impolicy—of the vengeance imprecated, in that appeal, on certain supposed anti-Assumptionists, affords still further proof that "Milwaukee" is not a recognized champion. In all this, though there may be something to excite surprise, as a stroke of policy, there is nothing of argument to refute; so I pass to the second paragraph.

There we find "Milwaukee" declaring that: "The temerity of the republican press and politicians is, to say the least, very reprehensible. *It* exhibits a moral cowardice which shows conclusively that they are afraid to take the responsibility of going for, or against assumption." Here, in these two sentences, if the types are not in fault, we have the jumble of "temerity" or rashness "exhibiting moral cowardice:" for the "it," before "exhibits," must refer to "temerity." As all this is far away beyond my comprehension, to be safe, "I pass." As to the honor of the State, luckily, it, at present, needs no vindication The debt of Milwaukee, occasioned by the loan of her credit to the Milwaukee & Mississippi and La Crosse & Milwaukee Rail Roads, is not the debt of the State. The city of Milwaukee, for these loans, was understood to have got ample and "adequate" security; so much so that, in some instances, the apparently superfluous securities were generously returned by the city, as in the case of Mr. KILBOURN. The whole problem then solves itself into this; that if Milwaukee should be sued, or pressed on her security, she can handsomely and safely fall back on the "adequate" and ample securities and indemnities given her by the Rail Road companies; and surely these companies, who but the other day were so prodigal in donating their bonds *as gratuities*, will not hesitate to respond, as far as in them lies, to the call of their suffering ally. Surely, the assumptionists make such sad havoc of each other's financial theories, I, "without having been called in," respectfully prescribe for them and "Milwaukee" the one, only safe, honest, honorable and available remedy.

MEDICUS.

Milwaukee, Dec. 4, 1858.

REV. MR. PARSONS, OF RIPON.—This clergyman, who has been roundly abused in some of the Democratic papers, for officiating at the marriage in Ripon, a few weeks since, was arrested on complaint of the parents of the girl, and taken to Fond du Lac for trial. "An eye-witness" in the Fond du Lac *Commonwealth*, thus reports the evidence taken:

> The first witness, the father of the abused girl, testified that he did not know so much about it as his wife, but that he believed the girl would be 17 years of age next May, but did not know when she was born, when he was married, nor how long he had been married when she was born.
>
> Next the mother of the girl swore that the girl was born on the 22d of January, 1840—but on being told that that made the girl 18 years and 10 months old, she protested that, however they reckoned it, the girl was only 17 years old.
>
> Next the girl swore that she had been told by her grand-mother, with whom she had lived, that she was 18 years old, that her own mother had also told her the same thing and had made her pay for her shoes, alleging that she was her own nigger now.
>
> At this point the prosecution rested and the worthy Justice dismissed the prisoner with all honors, offering an apology to him for having been so misled.
>
> The Rev. Mr. Parsons himself stated that he was repeatedly informed by both parties that the girl was of age, before performing the ceremony, and that she was so disguised by the arrangement of her hair, &c., that he was firm in the belief that he married a colored girl.

THE FASHIONS.—In regard to fashions in France, the Paris correspondent of the *Journal of Commerce* says:

> There are a great variety of patterns displayed of winter wrappings in the favorite lingerie, and dress-making establishments. First, the Don Juan, an ample black velvet cloak, lined with colored satin and covered with rows of narrow black lace. On the shoulders are ornaments resembling epaulets; all around the edge there is a ruche to match the lining, covered with black lace. The *Beatrix* is a black-cloth cloak; the back is loose, and the front is fastened at the waist; the very wide, loose sleeves are decorated, like the bottom of the cloak, with a ball fringe; on the shoulders there is an ornament to match the fringe. The Henry 2d cloak is a large black cape, gathered in flutes all around a plain piece, on which is laid a velvet pelerine, trimmed like the rest of the cloak, with a narrow gathered guipure. The guipure lace is much employed for decorating velvet cloaks; it is heavier and more durable than the Chantilly lace, and is therefore more suitable for winter wear. Within the last few years, Violare has perfected this lace; it now forms a rich and expensive trimming, although it is still lower in price than the Chantilly. Large velvet shawls are ornamented with jet and trimmed with two flounces of guipure.
>
> The dress bonnets for the autumn are generally composed of a mixture of royal and uncut velvet; also of royal velvet quadrilled with silk. Others also are of white velvet with an ornament of a cross piece of blue velvet and a boquet of white feathers. The inside trimming is composed of various colored roses, and the strings are white, with a blue velvet stripe along the edge.
>
> The new fashioned handkerchiefs are very pretty, and remarkable for neatness and simplicity. They are small and square, and are ornamented by narrow plaits; the cambric is also embroidered, and has the appearance of a muslin insertion.
>
> An immense quantity of perfumery is now used on the person and in apartments. Handkerchiefs, gloves, and the hair are impregnated with rich odours. The *pate onctueuse de Sorgho* is a delightful preparation for the hands and face, particularly at this season, when the skin is exposed by the effect of the cold winds to chapping and chilblains.

DISASTER.—The canal "steamer" Fulton, (formerly Burbank,) with a cargo of wheat, on her way to Rochester, went to the bottom of the "nasty deep" at Lockport, in the afternoon of yesterday. As this is the first *serious* disaster which has occurred to the canal fleet of steamers, we trust it will not be deemed out of place to give at least some of the prominent facts connected with the disaster. It appears that her gallant commander, Capt. FIELD, became sensible of the fact that his vessel was sinking, as soon as water appeared on her upper deck, but, imitating the example of other heroic commanders, on both salt and fresh water, was the last to quit her deck. All the passengers and crew are reported by a friend of the Captain to have been taken off in life boats, after which Captain Field succeeded in reaching the bank by the aid of an implement generally known as a setting pole. Cargo insured.—*Buffalo Commercial, Dec. 1.*

Extraordinary Case of Attempted Robbery.

Correspondence of the Journal of Commerce.

NEW CASTLE, Del., Nov. 25.

Before the Superior Court, of Delaware, now in session at this place, there have been some important trials, among which that of young German named Mayer, 18 years of age, has excited much attention. He is a stranger in this country, without relatives, and, which is worse, without principle. He came to the house, of the Episcopal rector, Rev. Benjamin Franklin, in a state of destitution, without work, and almost without clothes. He was kindly received, comfortably clothed, and furnished with employment, for which he was duly remunerated. But he was not satisfied with the ordinary results of industry. He sought to obtain money by a shorter method than that of manual labor. "Instigated by the devil," as indictments so forcibly express it, Mayer entered the study of the rector, at some distance from his house, and closing the door after him, presented a loaded pistol, at the same time demanding a sum of money on pain of instant death!

What could an unarmed clergyman do? In giving his testimony, the rector observed that it would have been easy for the robber to murder him alone without so much as disturbing his family, for whose safety he began to feel an intense anxiety, Mayer having threatened to poison them all, if his demands were not complied with. Mr F. lifted his heart to God in this extremity for protection and direction. He then informed the ruffian that he had not the money, and of course could not give it to him. He expostulated with him on his cruel and ungrateful conduct, appealing to him for the truth of the fact that he had ever kindly and honorably treated him. "That is nothing to the purpose," replied the fellow, "I am a desperate bad boy, and must have the money. Swear that you will get it for me." That the minister said he would not do, even for his life. He would be guilty of no such wickedness. His calmness and courage stood him in good stead. They were given to his prayers. He was thinking more of his family than of himself.

His chief anxiety was to remove the danger as far as possible from the vicinity of his family.—He finally told the fiend that he would go with him into the village, half a mile distant, and see if the money could be raised. The amount demanded was $600, or at least $400. The robber consented, and on this fact, Mr. Bayard Jr., founded an argument (for the want of testimony) for the insanity of the prisoner. A theologian would have said, this assent of the culprit was rather an evidence of the infatuation of sin; for he would now be proceeding directly toward the jail. He pocketed his pistol, his hand continuing its grip on it, and marched a few steps before his intended victim toward the village.—The good management of the parson promised to lead to a favorable issue. The shield of mercy hung over the Lord's servant, while the sword of justice was preparing for the criminal. The latter was not sufficiently vigilant to prevent the preacher from making such signs to a parishioner who providentially happened to overtake this singular brace of pilgrims, as convinced him that his pastor was in great danger from an armed man. He hastened forward, and soon re-appeared with two friends, and of whom was an officer of justice.

At the utterance of the words, "arrest him," the robber drew his pistol, and was about to fire at his victim, when one of the relief party seized him with a skillful hug, while the other displaced the cap of the pistol, and prevented the discharge of three bullets chambered by a hand that been accustomed to load with fatal skill, as was amply proved when the charge was drawn. The intent to kill was not considered proven; the verdict, therefore, against him, was for an intent to rob, with danger to life. The prisoner was sentenced to pay a fine of $300, and to be imprisoned for three years; so, that if he shall live he will come of age on the termination of his sentence—a hopeful setting out in life.—The young man, though of fair and innocent aspect, is no doubt a finished villain. The idea of suicide and murder, so common now-a-days, and emphatically so to the German mind, seemed to be familiar to him, from letters in his possession, and from his fervid or sullen declaration after he had reached his cell, that if they would give him the pistol back he would kill himself. He cannot be subjected to hard labor, for there is no penitentiary in Delaware. The pillory and the whipping post are so efficient and unpleasant, that no rogue who has once tried them, is said ever to come back to practise his villainies in this little State.

From the N. Y. Evening Post.

A Dead Man Picking Himself Up—A Ghost Bringing his Bones from Hartford.

The spiritualists of this city, or a portion of them, at least, are gravely discussing the question whether the spirit of a man whose dead body was dissected by medical students in Hartford, Connecticut, is picking himself up piecemeal, and bringing his bones, one by one, to this city, to be put together again. The weekly spiritual conferences have seen fit to make this a subject of inquiry, and the *Spiritual Telegraph* from time to time, informs its readers of the progress of the affair.

The story is related substantially as follows:—When Dr. Redman, the partner of Dr. Orton, in Twelfth street, New York, was a medical student, a body was to be dissected upon a certain occasion; and the students agreed to draw lots to determine which should have the bones. Dr. Redman was already a medium, and before the dissection took place the spirit communicated with him, and expressed the wish that his bones might fall into Redman's possession. The doctor replied that since possession was to be determined by lot, he might not get them. "Draw first," replied the spirit, "and I will make you draw the prize.

Acting upon this hint, the lucky Redman drew first and took the bones. He conveyed them to Hartford, where he subsequently left a part of them, removing the rest to his office in this city.

Having related to his partner the singular history of the skeleton, Dr. Orton requested him to bring the remainder of it to the office; whereupon the ghost who once owned and occupied the dilapidated and abused tenement, set up a loud knocking and claimed the right, which no reasonable man could deny him, of having a word to say about the disposition of his bones. He expressed a willingness that they should be taken to New York; it made no especial difference to him whether the ossified portion of his frame was in one place or another; still it was natural he should feel some pride in the matter, and expressed the determination of bringing the bones from Hartford to this city *himself*.

This extraordinary determination, which, we believe, has no parallel in ghostology, ancient or modern, it is alleged, is being carried on. The very next day after it was announced, a bone dropped on the sidewalk, in front of the two doctors, near the house; and since that time bone after bone has been moved, sometimes dropping from the ceiling and sometimes upon the walk. On the 20th of May the ghost did an unusual good day's work. As the doctors were crossing Broadway near Thirteenth street, at 8 o'clock P. M., a bone dropped at their feet, and at 6 o'clock the same afternoon another encountered them in Fourteenth street; both being portions of the spinal column.

The ghost whose body has been thus cut up and moved, does not, however, claim the exclusive credit of the removal. With the fairness which, we trust will ever characterize his transaction, he acknowledges with gratitude the assistance of other ghosts, who have kindly consented to help do the job; but what compensation he gives for their service, is not stated.

The ghost commenced picking himself up some time last spring. Whether he is yet done is not stated; but the *Telegraph* of this week brings additional testimony, in the shape of an anonymous statement, (regarded as conclusive by many spiritualists,) the substance of which is contained in the following paragraph:

> "On the 3d of last June Dr. Redman held a *seance* at a house where I was visiting. When the circle was over I accompanied him down stairs; on our way down, my spectacle case, which had been missing during a part of the evening, was thrown over my shoulder. He picked it up, and was holding it with both hands conversing with me about its disappearance.—While thus engaged standing facing each other, with a full blaze of gas light upon us, the front door closed, and no other means of egress or ingress being near, something came dropping down, as if from the ceiling, and fell between us. On being taken up, Dr. Redman recognized it as a bone belonging to the vertebræ of the neck of this much-talked-of spirit."

When the Spiritual Conference and the Telegraph arrive at a satisfactory conclusion, we will inform our readers.

PERSONAL PROPERTY OF SAUK.—The total valuation of personal property in Sauk County for 1857 was $48,919; for 1848, it is $554,799, eleven and a half times as much, or an excess of $505,880. Of this amount, one-half, perhaps, is for property in mortgages, which would otherwise have escaped taxation, the tax on which is about sufficient to pay the increase in the State tax of last year over this. This speaks well for the new Assessment Law, which except in some few particulars, is about what it should be.—*Baraboo Republic.*

WASHINGTON NEWS.—The Washington dispatch in the N. Y. *Tribune*, (Dec. 1st,) says that the Agricultural Division of the Patent Office, has called a Convention of about seventy gentlemen from all parts of the country, to be held at Washington, on the 23 day of January, and that each delegate is to be paid five cents per mile and $25 each for hotel bill while in Convention.

DEATH OF ROBERT OWEN.—The *Europa* brings intelligence of the death of the celebrated Robert Owen, in his 88th year. Mr. Owen's name was identified with sundry reformatory movements. He proposed to re-construct society, projected a variety of measures for the elevation of mankind, and labored diligently in his vocation of philanthropist. He was born in Wales in 1771, made his mark as a bright scholar in his native town at the early age of nine years, went from school into a grocery shop, and at the age of 14 went to London. When 18 years old he became partner in a cotton factory, into which Arkwright's machinery had just been introduced; afterwards established the Charlton Mills, near Manchester, and after conducting the concern for some years, undertook the famous speculation at New Lanark, in Scotland, where he and his partners had the management of mills, and a farm of 1500 acres, and a population of 2,000 persons. Mr. Owen was at the head of this enterprise for a quarter of a century, expended great sums of money, was visited by princes, clergy, and the curious from all countries, wrote elaborate treatises on the benefits of a Government like that of New Lanark, which did away with punishment and the terrors of the penal law, and diligently disseminated his peculiar doctrines. In 1828, he essayed to introduce his theory of Government in Mexico, but was unsuccessful. He afterwards attempted to establish a "New Moral Community," which failed; started a "Labor Exchange Bazaar," which also met a sudden end; and in 1837, urged his claims to a seat in Parliament, in which effort he likewise failed. Mr. Owen made several visits to the United States, the last of them having occurred some ten years ago. While here he received marked attention from the social reformers, and omitted no opportunity to bring his theories prominently before the public. Mr. Owen was very enthusiastic in his devotion to schemes of social re-organization; was an avowed free-thinker; had a faculty of fixing the attention of his hearers when he spoke; wrote with facility; was a man of impressive presence, and had many warm admirers. His son, the Hon. Robert Dale Owen, was formerly a member of Congress from an Indiana District, and was appointed United States Minister, to Naples, by President Pierce, in which post he has recently been superseded by Mr. Chandler.—*New York Times.*

NERVOUS AND RHEUMATIC AFFECTIONS—HOLLAND BITTERS.—"We have used this medicine ourselves, and in many cases with the greatest success. The most celebrated of our German Physicians are recommending it. During this changeable weather, while most persons are troubled with nervous and rheumatic affections, it will be found a valuable remedy."—*Staats Zeitung.*

THE JOLLY MARINER.

BY JOHN G. SAXE.

It was a jolly mariner
As ever hove a log;
He wore his trowsers wide and free
And always ate his prog,
And blessed his eyes, in sailor-wise,
And never shirked his grog.

Up spoke the jolly mariner,
Whilst walking up and down:—
The briny sea has pickled me,
And done me very brown;
So here I goes, in these here clo'es,
A cruising in the town!

The first of all the curious things
That chanced his eye to meet,
As this undaunted mariner
Went sailing up the street,
Was, tripping with a little cane,
A dandy all complete!

He stopped—that jolly mariner—
And eyed the stranger well:—
"What that may be," he said, says he,
"Is more than I can tell;
But ne'er before, on sea or shore,
Was such a heavy swell!"

He met a lady in her hoops,
And thus she heard him hail:
"Now blow me tight!—but there's a sight,
To manage in a gale;
I never saw so small a craft
With such a spread of sail!

Observe the craft, before and aft,
She'd make a pretty prize!"
And then in that improper way,
He spoke about his eyes,
That mariners are wont to use,
In anger or surprise.

He saw a plumber on a roof,
Who made a mighty din:—
"Shipmate, ahoy!" the rover cried,
"It makes a sailor-grin
To see you copper-bottoming
Your upper-decks with tin!"

He met a yellow-bearded man,
And asked about the way;
But not a word could he make out
Of what the chap would say,
Unless he meant to call him names
By screaming, "Nix furstay!"

Up spoke the jolly mariner,
And to the man said he,
"I haven't sailed these thirty years
Upon the stormy sea,
To bear the shame of such a name
As I have heard from thee!"

"So take thou that!"—and laid him flat,
But soon the man arose,
And beat the jolly mariner
Across his jolly nose,
Till he was fain from very pain,
To yield him to the blows.

'Twas then this jolly mariner,
A wretched jolly tar,
Wished he was in a jolly boat
Upon the sea afar,
Or riding fast, before the blast,
Upon a single spar!

'Twas then this jolly mariner
Returned unto his ship,
And told unto the wondering crew
The story of his trip,
With many oaths and curses, too,
Upon his wicked lip!—

As hoping—so this mariner
In fearful words harangued—
His timbers might be shivered, and
His le'ward scuppers danged,
(A double course, and vastly worse
Than being shot or hanged.)

If ever he—and here again
A dreadful oath he swore—
If ever he, except at sea,
Spoke any stranger more,
Or like a son of—something—went
A cruising on the shore!

The Russians in China.

The Paris correspondent of the London *Morning Post* writes, Nov. 17:

I have sent letters from China, and come to the conclusion that Russia is playing a very clever and important *role* in the Celestial drama which is now taking place. Our promise from the Emperor to open the country to the commerce of the world, and the permission given for European ambassadors to visit Pekin, I strongly suspect will not easily be put in practice. Russian agents appear to be prompting the Celestials at headquarters, and seem to have informed the Government of Pekin that the English and French envoys and admirals had roving commissions to Japan and Cochin China, so that if they got rid of the barbarians they might meanwhile concert how to avoid the execution of the treaty by creating difficulties. It seems to have been proposed that the export duty on tea should be raised in order to pay the war indemnity. England, if such were permitted, of course would be the great contributor to the Chinese State finance. Then there were to be instituted passport regulations, which would make it difficult and expensive for the natives to reach the trading ports. My authority, I should observe, is a private one, and written by a commercial man. If, however, the statement be true, it is nothing more than one might expect. Is it reasonable to suppose the Chinese will suddenly and willingly give up their traditional ideas of exclusiveness? For hundreds of years it has been the religion of the high-class people to keep out the rest of the world. Are these ideas—these habits and customs—to be removed as soon as the Governments of Europe send half a dozen Envoys to live amongst the crowded millions of the vast Empire? One may question also, if the Emperor and his advisers, supposing they acted in good faith, could immediately impose such changes on a prejudiced and a stranger-hating people.

The letter I have seen observes amongst other things: "Whilst the English and French are roving about to Japan and Cochin China, Russia is gaining influence at Pekin, and probably directing the policy of the Chinese empire. Her settlement on the River Amoor gives her a permanent interest and a great moral weight with the Government, whilst the other Powers of the world are regarded with certainly less fear or friendship. It is said the English are very unpopular with the Emperor and his advisors, and that a disposition is shown to form an alliance with Russia, America and France, and favor those nations at the expense of British interests." Of course, according to treaty, such favor could not be practiced; but then the Chinese never have kept their treaty engagements. It is also reported in the letter to which I refer, that the Chinese since the commencement of hostilities, have begun to learn the use of European arms, large quantities of which have lately found their way into the celestial Empire. The writer further maintains that the Chinese are capable of being made good soldiers. He maintains that they are a vigorous and enduring race as soon as you get out of the population of towns on the seaboard, where the men have been demoralized by European intercourse, and the facility of obtaining opium. All things considered, our success in China has not perhaps been fairly and correctly estimated at home.

TO THE PUBLIC.

In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while put up under my control and supervision, was universally accepted by the public, as the best liniment in the world. In 1854 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medical remedy, trusting for success in selling to its former highly established reputation. Its present proprietors have gone so far as to substitute other articles in its composition for those in the original prescription, so that the Mustang Liniment now vended possesses no one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to foist their worthless and injurious article on the public, use *my name* as its inventor, calling it "BRAGG'S" Mustang Liniment, and cautioning the public to beware of any other Bragg's Liniment as an imposition. This is done with a view of exciting a prejudice against "BRAGG'S ARCTIC LINIMENT," an article more recently invented by me, and possessing all the virtues of the original Mustang, with some improvements—the result of experience and later discoveries—and manufactured by Bragg & Burrowes, which firm is composed of my son, Oliver T. Bragg, and Michael Burrowes. This article is superior in many respects to the Mustang, when it was put up pure and in good faith, and is immeasurably superior to the article now vended as the Mustang Liniment. It is also the only liniment manufactured to which my name is appended by my authority or consent. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and especially after this public disclaimer of any connection with its proprietorship or manufacture.

Respectfully, A. M. BRAGG, M. D.

R. R. R.

MRS. A. E. LEWIS R——, a young married lady, and her little daughter, on their return to the city from a visit to an aguey district, was taken down with Fever and Ague. She took large doses of Quinine, Spts. of Mendererei, Cholagogue, &c., but no relief was obtained. Every day at 11 a. M., the chills would come on, and continue till 2 P. M.; then Fever would set in and continue until night; then Hysterics would come on. The young lady being one of our acquaintances, we requested her to try our R. R. R. Her back, spine, head, neck, arms, feet, and the palms of her hands, were well rubbed, and in a few moments she was free from Chills.—Three of Radway's Regulators were given; in six hours they operated—since which time she has had no return of the Fever and Ague. One Regulator each day was given the little girl, and the same treatment with the Relief. She has not had a return of Chills since the second day of R. R. treatment.
R. R. R. is sold by Druggists.
R. R. R. is sold by C. Harrington, Bosworth & Son, L. F. Lake, and J. H. Tesch, Milwaukee, and by Druggists everywhere. nov25daw2w

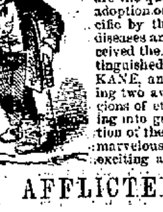
VICTORIOUS OVER PAIN.
BRAGG'S ARCTIC LINIMENT.



Agony or ease!—Sickness or health!—Life or death! These are the questions involved in the adoption or rejection of this specific by the martyrs to external diseases and injuries. Having received the indorsement of the distinguished *savan*, the late Dr. KANE, and its efficacy tested during two awful Winters in the regions of eternal ice, it is now coming into general use, in every section of the civilized globe, and its marvelous cures are everywhere exciting astonishment.

THE AFFLICTED REJOICE.

HUNDREDS and THOUSANDS have tested its virtues, and are rejoicing in freedom from long lingering PAIN and DISEASE, which other remedies had failed to cure. Have you the BRONCHITIS, NEURALGIA, RHEUMATISM, SCROFULA, EARACHE or TOOTH-ACHE—Are you afflicted with OLD SORES—Suffering from BRUISES, SPRAINS, CORNS, SORE EYES, PILES? THE ARCTIC LINIMENT will afford you instant relief. Everybody is liable to

BURNS AND SCALDS.

For these dreadful accidents the ARCTIC LINIMENT should be kept on hand, for it affords sure and immediate relief, often saving from death. Every steamboat and railroad train should keep it. Who that has heard the shrieks of anguish uttered by the scalded and maimed victims of explosions and collisions, does not feel that some means of relieving their torture should always be accessible? Such does exist in this balmy pain controlling agent. It is

THE MOTHERS' COMPANION.

It cures CAKES IN THE BREAST, SORE NIPPLES, SORE LIPS, PIMPLES, &c. Ladies who prize a pure skin, void of pimples, blotches, scurf and all discolorations and excrescences, should attack these trespassers on beauty's domain as soon as they appear with the ARCTIC LINIMENT. It is excellent for the Hair, giving it a healthy, glossy appearance. It is

GOOD FOR MAN AND BEAST.

It is a sovereign remedy for the various diseases with which horses are afflicted, curing the most alarming cases of BRUISES, SPRAINS, STRING HALT, WOUNDS, SCRATCHES, SWEENY, SPAVIN, RING BONE, BIG-HEAD, POLL EVIL, &c. No farmer, livery stable keeper, or any person owning valuable HORSES, should be without this valuable remedy.

For sale by all respectable Druggists and Dealers.

Prices of the Liniment, 25 cents, 50 cents and $1 a bottle. A one-dollar bottle contains as much Liniment as eight twenty-five-cent bottles.

EXTRAORDINARY ANNOUNCEMENT.

Every purchaser of a dollar bottle of the ARCTIC LINIMENT receives, at Dr. Bragg's expense, the UNITED STATES JOURNAL, of New York, for one year. The Journal is a large illustrated paper—each number containing sixteen pages, beautifully printed on clear white paper, and filled with original matter from the most brilliant writers of the country. Certificate of subscription and full particulars of the novel and philanthropic enterprise, of which this offer forms a part, will accompany each bottle.

AYER'S CATHARTIC PILLS.

THE following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs and stimulating them into a healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with billious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these PILLS and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic whose knawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise, or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation, or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood.—Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

BOERHAVE'S
HOLLAND BITTERS.

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit and infusing new health and vigor in the system.

READ CAREFULLY!—The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle. The great demand for this truly wonderful Medicine has induced many imitations, which the public should guard against purchasing.

Beware of Imposition! See that our name is on the label of every bottle before you buy.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,

IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver remedy* acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes, effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease, effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents NIGHTMARE.

Only one dose, taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

☞ One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

☞ One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHEA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

☞ A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

ALL WHO USE IT ARE GIVING THEIR UNANIMOUS TESTIMONY IN ITS FAVOR.

☞ MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

THE LIVER INVIGORATOR

IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.

PRICE ONE DOLLAR PER BOTTLE.

A Card from Dr. James M. Jarrett,

OF THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and advantage of pathological research—aided not a little by a perfect system of *Medicated Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive cure of all diseases of the *Throat, Lungs, and Air-Passages*. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of *general treatment*; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, after due consideration, I have concluded to make such arrangements as will bring benefit of my experience and treatment within reach of all, and not to confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. *Inhaling Vapors, Medical Inhalers*, &c., &c., will be forwarded to any part of the United States or the Canadas. TERMS—My terms for treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address JAMES M. JARRETT, M. D.,
No. 320 Broadway, cor. Twelfth st., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapor can be seen and inspected. sep2h1?d&w6m

COMMERCIAL & FINANCIAL.

No. 1 spring sold at 70a75c, and one or two small lots at 74c, while the range for extra was 80a88c, with receipts about the same as yesterday. We note sales of 1,122 bus extra at 85c; 619 bus do at 82c; 297 bus extra No. 1 at 76c; 217 bus No 1 at 74c; 907 bus do at 73c; 155 bus do at 72½; 1,125 bus do at 72c; 260 bus do at 70c, and 190 bus No. 1 white winter at 95c.

WEEKLY REVIEW OF MILWAUKEE MARKETS.

The pork trade, which is now in full blast, and which, thus far, has been more than usually active, gives a lively tone to general trade, and our markets and streets have presented rather a stirring appearance during the week. In the breadstuffs market there has not been much animation, and very little variation in prices. The receipts of wheat are considerably less than last week. In our quotations of shipping grades we have no alteration to make. The millers have been buying what extra wheat has arrived, and as they have not had to compete with the warehouses, prices drooped in the early part of the week, and finally settled at a decline of 3a4c on the bushel, the range to-day being 77a82c, for fair to choice samples. Flour has been a little firmer, in consequence of a slight advance in the eastern markets, with moderate sales and light shipments. We quote spring wheat flour of country brands at $3,75a$4,12½. The receipts of corn are larger, while the demand is very moderate and prices some 3a5c below last week's quotations. Good samples of new shelled corn have sold at 50c, and ear corn at 43a44c, the market closing heavy and offers of buyers still below these figures. Oats come forward very sparingly, and we note rather an improved demand at former prices. Barley is slow of sale and unchanged. Receipts moderate. The supply of rye is quite meagre, and with a little more enquiry prices remain firm as last reported. Grass seed is coming forward in considerable quantities, and selling at $1,50 to $1,75 per bushel, closing somewhat heavy. In potatoes we have no change to note. The supply is light, with a fair demand at former prices, viz: 30a37c, according to quality. Eggs are still scarce and sell readily at 18a20c in barrels. The market is pretty well supplied with butter and prices remain firm and unchanged.

The supply of pork which showed some signs of falling off at the date of our last review, in consequence of the moist weather, increased rapidly as the week advanced and the weather improved and now large quantities of dressed hogs arrive daily by all the railroads leading to the city, besides considerable by other conveyances.—The receipts for the week are 508,123 lbs, and taking the average weight which is about 220 lbs, we have 2,339 hogs. The market for heavy hogs especially has been very active through the week, with an upward tendency, and we note an advance of at least 25c since last week. The principal sales during the past two days have been at prices ranging from $5,62a$6, with an occasional very heavy lot going at a still higher price than the outside figure. Good hogs, averaging 250 lbs or upwards, sell freely at $6, while those weighing from 175 to 200 lbs go at $5,50a$5,85. We give a list of average prices in our quotations.

The *Gazette*, of Wednesday last, thus reviews the Cincinnati pork and provision market for the week ending on that day:

Up to Saturday the receipts were large, embracing from Tuesday to that day, inclusive, 5?,000 head, but the supplies since have been small, comprising only 12,020 head. This sudden falling off in arrivals, fanned the excitement into a flame, and good hogs were sought after last evening, with an eagerness, that indicated a feeling of extraordinary confidence on the part of buyers. The sales of the week were large, reaching 50,000 head, the most of which were for future delivery, and including 10,000 head, which were sold yesterday, averaging 290 lbs., deliverable the first two weeks of January at $6,75. The seller of this lot, we understand, is a regular dealer, who does a large business in shipping hogs East, and he is represented as having the animals in Indiana and Illinois. This is probably the largest sale on record in this market, the transaction amounting to over $180,000. Ten thousand dollars was deposited by each party to bind the bargain. We quote the closing rates for present delivery, as follows:

Hogs averaging 160 to 200 lbs......................$6,25a6,75
Hogs averaging 200 to 240 lbs......................6,55a7,00

Late in the evening 800 head, averaging 240 lbs, sold at $5 75, gross; and 120 do averaging 325 lbs at $7, net. In most cases holders were asking $7,25 for well fattened animals, averaging 280 to 340 lbs. The receipts for the week and the season are thus reported by the Cincinnati *Price Current:*

By Railways	48,938
By River	4,743
From Kentucky	4,875
Driven in	4,380
Slaughtered at Plainsville	300
Total for the week	62,889
Previously reported	102,331
Total so far this season	154,161
Same time in 1857	95,081
Same time in 1856	120,622
Same time in 1855	121,068
Same time in 1854	105,588
Same time in 1853	139,919

The speculative movements in provisions have been chiefly in mess pork, of which 20,000 bbls sold during the week for December, January and February at $17. Yesterday about 1,000 bbls sold for present delivery at $17, and one small lot brought $17,25. At the close there were more buyers than sellers at $17. In bulk meats there was not much done, but it was held very firmly at close at 5¾a6¼ for shoulders and sides. Green meats closed at 5¼a5¾ for shoulders, 7c for sides, and 8a9¼ for hams, with a firm feeling, holders in some cases asking 8¾ for the latter. Lard closed at 10¾ for present, and 11c for future delivery, for prime lard. The yield of lard is light, but the high price and the condition of the manufacturers interests prevent speculators from taking hold freely. As compared with last year, the result at this place, so far, indicates an average falling off in the yield, of equal four pounds to the hog.

The shipment of produce by the lakes to the east has very nearly drawn to a close, and after the present week it is not probable that there will be any more shipments this season. The total amount of wheat and flour shipped thus far this year, is:

Wheat, bus..3,913,606
Flour, bbls..273,971

Which is an aggregate increase over last year's shipments of 1,447,915 bushels.

The Detroit and Milwaukee Railway Co. have chartered the staunch Propeller Cuyahoga, to run between this city and Grand Haven during the winter months, as a freight boat, connecting with their road at that point.—This will enable our merchants to supply themselves with goods from the east during the winter at *less expense* than it has hitherto cost them in mid-summer. Large quantities of flour and pork will also find their way to the eastern markets by this route, between the present time and the re-opening of navigation. During the past two weeks from 150 to 200 bbls of flour a day, and nearly the same amount of pork, have been shipped from this city by the new route, which, as its importance becomes known, increases in favor with our shippers and merchants.

In the money market we have nothing of an important character to notice. Bank discounts are ten per ct., but currency is rather close, and the banks are negotiating but little paper except that which is of a strictly business character. Outside operators, as usual, are loaning on well secured paper at rates ranging from 1¼ to 8 per cent per month. Exchange has been quite plenty here and elsewhere throughout the western country, during the past two or three weeks. The nominal rate at our banks is 1 per cent, but on the street it has been sold freely at ¾ per cent. The failure of Messrs. BRIDGE BROTHERS, Bankers and Exchange Brokers, of this city, was announced some days ago. Their liabilities are not large, and will, no doubt, be fully met.

RICHARDSON'S IRISH LINENS!

Damasks, Diapers, &c.

CONSUMERS of Richardson's Linens, and those desirous of obtaining the Genuine Goods, should see that the articles they purchase are sealed with the full name of the firm,

Richardson, Sons & Owden,

as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed upon with Goods of a worthless character.

MEDICAL.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

RADWAY'S REGULATING PILLS.

DR. RADWAY & CO. have recently discovered a method for extracting from roots, herbs, plants and gums a nutritious extract of such wonderful nourishing power—which they have combined with Radway's Regulating Pills—that six of these pills will supply the blood with the same amount of nutrition as one ounce of ordinary bread; so that while the system is undergoing a thorough physicing, and regulating process, it daily becomes strengthened.

Persons afflicted with Liver Complaint, Dyspepsia, Heart Diseases, Fullness of Blood, and all Females who are subject to Irregularities, Hysteria, &c., are particularly recommended to use these Pills. They are pleasant to take—elegantly coated with gum—free from taste and will not gripe, sicken or weaken the system, or leave the bowels costive. Mothers nursing should likewise take one or two of these Pills once or twice per week. They will not only keep your system healthy and regular, but will protect your infants against Cramps and Pains in the stomach, and insure not only a healthy child, but will invest every child, thus suckled, with a sweet disposition.

RADWAY'S REGULATING PILLS

Regulate each and every organ of the system, and correct all derangements of the Liver, Bowels, Stomach, Heart and Kidneys.
